

David Christopher

Please share the highlights of your Career history.

- I served in the US Army for nearly 26 years, always driven by a desire to give back to my country and its people. Following my military service, I spent 10 years as a police officer, which has provided me with a broad range of experiences. I have also been involved with several boards, including the Paralyzed Veterans of America, where I work on government relations. In this role, I engage with political leaders to develop solutions that improve the lives of paralyzed veterans. I hold a Master's degree in Business and Organizational Security Management, as well as a Bachelor's degree in Criminology, and I am proud to be an Eagle Scout.

Currently, I own a business dedicated to helping people manage pain and inflammation, with a special focus on supporting individuals with disabilities. Additionally, I am passionate about expanding and promoting the sport of Boccia.

How have you been connected with Boccia?

- I became involved in Boccia in 2016, starting as a referee and actively working to promote the sport through officiating. In 2022, I earned the title of International Referee. Furthermore, I have contributed by serving on both the Judicial and Ethics boards within the sport.

What strengths do you bring to the Board to advance Boccia?

- As a Boccia referee with firsthand experience of living with a disability, I bring a unique perspective to the sport. My time on various boards has sharpened my skills in collaboration, organizational growth, and fundraising. I excel at building strong connections and enjoy engaging with diverse individuals and groups, which enables me to bring people together to achieve shared goals and advance Boccia's reach and impact.
